

## The Editor's Desk

There has been an interruption in the publishing schedule, during which time I was trying to locate an alternate editor, which I have been unable to do. I have reassumed the Editor's job again and will see what I can do. Once again, I appreciate your patience; I think the wait should be worthwhile, considering the quantity and quality of the unpublished material. Please help publicize that *The Upshaw Family Journal* is again being published.

In the interim, I have re-entered the "Topical Index" into a better software program and have produced a new and much improved version. I have made further editing improvements and corrections to the Topical Index which will not appear until the new version is produced for Vols. 1-9. This new Topical Index will greatly facilitate our research in *The Upshaw Family Journal*.

This issue of *The Upshaw Family Journal* contains records for many of the states that have few Upshaw families and include census reports through 1920 for these areas. Note that the 1920 Soundex census included some areas such as Alaska, American Samoa, etc., which had not been included in previous censuses. I notice there are some "stray" Upshaw families here that have not been found elsewhere and this should be very helpful to researchers.

Sincerely,

Ted O. Brooke
