

The Editor's Desk

This issue of the *Upshaw Family Journal* contains all Upshaw references from available census indexes through 1940 for the western United States; western states are those lying approximately west of the Mississippi river. The census indexes have been previously printed in the *Upshaw Family Journal* for the western states of Arkansas, Kansas, Louisiana, Missouri, Oklahoma, and Texas and are, thus, not included in this issue. The next issue of the *Upshaw Family Journal* will contain census indexes through 1940 for the eastern United States not previously printed.

All Upshaw references are found in United States Federal census population schedules, as found on digital images, *Ancestry* (<http://www.ancestry.com>;) accessed in 2018, citing various NARA micro publications. All references are to persons designated as "White" race.
